VANCOUVER SUCCESS STORY GOES GLOBAL: FLYOVER® AMERICA TO OPEN IN USA IN 2016

Local Entrepreneurs are poised to conquer U.S.A by opening FlyOver America in Spring 2016 at the Mall of America® in Minnesota

Vancouver, BC – Vancouver entrepreneurs **Stephen Geddes** and **Andrew Strang**, along with their partner the **Aquilini Investment Group**, proudly announce they will open their first U.S.A location of **FlyOver America** at the Mall of America® in Bloomington, Minnesota. in the Spring of 2016.

The pair is building upon the popularity of their local attraction FlyOver Canada (flyovercanada.com), which opened in June 2013 at Canada Place. The Vancouver attraction has proven to be a runaway success not only with tourists, but also with locals who flock to Canada Place to experience the much talked about, fully immersive ride. FlyOver Canada will welcome its millionth guest this summer.

The FlyOver® concept is based upon a cinematic thrill ride that takes guests on a simulated aerial adventure over stunning landscapes using the latest in ride flight technology. Guests sit suspended in ride carriers that move in concert with the film. With the addition of special effects (scent, mist, wind), guests actually feel like they are flying!

"The Mall of America represents the United States' largest retail and entertainment complex and has a staggering 40 million visitors every year including more than 16 million tourists. It's an ideal destination for our expansion into the U.S. market," says Andrew Strang, CEO of FlyOver Canada. "We're very excited to share the FlyOver experience, a Canadian success story, with the rest of the world. The appeal of feeling like you're truly soaring over stunning landscapes, and sharing that fun with friends and family in a fun and safe environment, is universal."

FlyOver America will cost US\$20million and construction at the Mall of America is underway. The FlyOver America film crew will be visiting all regions of the United States over the next year capturing unique and stunning landscapes from the Statue of Liberty to the Golden Gate Bridge, the wilds of Hawaii to the Grand Canyon.
